

Hello!

Metricool works with **Zexel Pay as our official payment partner**, a global payout solution for influencers and creators. Zexel Pay allows us to process payments securely, transparently, and on time, regardless of your tax status.

To receive your payment without delays, please read the instructions below carefully and follow the section that applies to **your fiscal situation**.

Before Getting Paid – Mandatory Registration

All creators must register on **Zexel Pay** (one-time setup).

Step 1. Create your Zexel Pay account

Go to 🖱️ <https://pay.zexel.io/auth/signin>

Follow the registration steps carefully.

Step 2. Add your payout method

Add your **bank account or PayPal** details correctly to avoid delays.

Step 3. Account verification

Once verified, no further action is required unless your information changes.

How the payment process works

Now that your account is created and verified:

1. **Metricool will send your payments every month**
2. You will receive an **“Payment Approved” email notification**
3. This means the payment is ready and will soon be processed. You don't have to do anything if you already have a Zexel pay account created and verified.

🕒 Payment timing:

Once approved, payments are typically processed within **2–5 business days**, depending on when Metricool completes the funding.

Affiliates Invoices

You **do not need to upload an invoice**.

- Zexel Pay platform will automatically **generate the invoice** using the information provided in your profile. You can download it at any time.
- Optional: If you wish to upload your own invoice, contact us at support@zexel.io.

US: If you did not upload the W9, we may ask you for It later.
